# hello! I'm...

Here is where you introduce yourself.

You can add your name, title and a little background.  
Right click the image and replace it with your own.

# table of contents

1

We will talk about this first.

2

We will talk about this second.

3

Then, we will talk about this.

4

After that we will talk about this.

5

We will also talk about this.

6

And we will talk about this last.

# did you know?

Did you know that elephants can sense storms?

Elephants may be able to detect a thunderstorm from hundreds of miles away, and will head towards it, looking for water.

You can add a little bit more information. But try to not overload your slides with text.

# we will talk about this first

Add a brief introduction of your section here: Let's dive in and get to know some interesting facts about animals!

# **koalas are even more lazy than cats**

Koalas don't have much energy and, when not feasting on leaves, they spend their time dozing in the branches. Believe it or not, they can sleep for up to 18 hours a day!

**Clearly, animals  
know more than we  
think, and think a  
great deal more  
than we know.**

— Irene M. Pepperberg

# did you know?

Did you know that dogs can smell your feelings?

Dogs can pick up on subtle changes in your scent, which can help him figure out how you are feeling, such as by smelling your perspiration when you become nervous or fearful.

Did you know that a cat uses its whiskers as feelers to determine if a space is too small to squeeze through?

Also, cats love to sleep. A fifteen-year-old cat has probably spent ten years of its life sleeping.
