Project Title: MedAce - An Adaptive Web-Based Review and Progress Tracker for Nursing Students' Licensure Exams at World Citi Colleges, Quezon City

Your participation through this capstone can help evaluate the development of **MedAce:** An Adaptive Web-Based Review and Progress Tracker for Nursing Students' Licensure Exams. Your responses will help identify academic challenges, digital learning needs, and improvements necessary for the development of the proposed system.

Please select the option that best describes you:
- o **IT Professional**
- o **Professor / Faculty Member**
- o **Nursing Student**

Part A.
1. Would you consider using a web-based review app to prepare for nursing licensure exams?
   - o Yes
   - o No
2. Do you currently use any kind of digital applications for reviewing nursing subjects?
   - o Yes
   - o No
3. Do you believe a structured and adaptive review tracker could improve your exam performance?
   - o Yes
   - o No

Part B. The following questions are necessary in evaluating the **MedAce** system.

1. Would you consider receiving personalized exam recommendations through the app?
   - o Yes
   - o No
2. Would you consider accessing stored exam results through the platform?
   - o Yes
   - o No
3. Would you find it helpful to track your weakest subjects automatically?
   - o Yes
   - o No
4. Would you consider gaining access to modules (reviewers, book materials, power point, and etc.) through the app?
   - o Yes
   - o No
5. Would you consider an AI assistant that will help you in your academic performance through the app?
   - o Yes
   - o No

6. Would you consider using the app to practice weekly generated sample exams?
    o Yes
    o No

7. Would you think **MedAce** would help you track and monitor your weakness more effectively?
    o Yes
    o No

8. Do you think the **MedAce** could help you reduce last-minute cramming by promoting weekly practice?
    o Yes
    o No

Part C.
Legend: **1 - Very Unlikely I 2 - Unlikely I 3 - Likely I 4 - Most Likely**

1. How likely are you to believe that **MedAce** could enhance your overall exam preparation?
    o 1
    o 2
    o 3
    o 4

2. How likely are you to believe the **MedAce** improves your review consistency?
    o 1
    o 2
    o 3
    o 4

3. How are you to believe that traditional reviewing methods can be improved through a digital platform?
    o 1
    o 2
    o 3
    o 4

4. How are your thoughts on Professors and AI can track your enhancement on your academics?
    o 1
    o 2
    o 3
    o 4

5. How likely are you to find **MedAce** beneficial in helping you prepare for mock exams, battery exams or comprehensive exams?
    o 1
    o 2
    o 3
    o 4
